

On December 12th 2018, Sir Thomas Boughey Academy welcomed Mr Winston Jones, a former student (1953 to 1957) and member of the local community back to the academy.

Mr Jones very kindly donated a number of pictures of the school in 1953 that will be proudly displayed around the building.

It was our pleasure to welcome Mr Jones back and to go on a tour of the academy, highlighting the many technological advancements and helpful changes to the building but never losing the community feel that was evident during Mr Jones' time at the school and remains so today.
