Totally excellent prehistoric fantasy saga from Michelle Paver. Loved this the first in the series but the books go from strength to strength as the characters develop. Don't miss it - it's a must

A modern-day teenage Cinderella. An all-star varsity basketball player. Will the chemistry disappear when they go from anonymous to face-to-face? Geeky Ella Reyes is at the bottom of the totem pole at Westwood High. Her ultra-popular stepsisters refuse to be seen with her at school, and every day she comes home to a mountain of chores. Ella's only friend (and maybe crush) lives on the other side of her phone's screen. She and Baller929 know everything about each other, except their real names. When they have a chance to meet at her school's Halloween ball, Ella must figure out a way to get there without her stepmom or stepsisters finding out. Is revealing her identity to Baller929 worth risking the one good thing left in her life? Or is he too good to be true?
